

Product Datasheet

Product code: 00STJ.SA.0

Product type: Customized Tweezers and Accessories

Made in: Switzerland

Description: Type 00J high precision testing tweezers are engineered for applications that demand not only holding a component firmly but also accurately measuring it. The line serration provides the handles with extra grip, also preventing any possible slips. With their specialized banana plug tail, these tweezers seamlessly integrate with LCR meters, transforming into an essential tool for precision testing. Ideal for applications requiring meticulous contact with small-diameter wires or components in tight spaces, these tweezers ensure a reliable grasp and precise measurement.

Tip description: fine, squared, line serrated, superior finish

Coating/finishing: Sandblasted

Body material: Anti-Magnetic Anti-Acid Stainless Steel (SA)

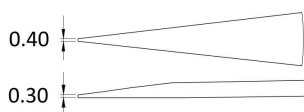

Picture:

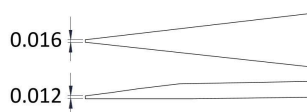

Tweezer dimensions:

OAL	120.0 mm – 4.724 inch
Width	10.0 mm – 0.394 inch
Height	12.0 mm – 0.472 inch
