

Product Datasheet

Product code: 16.CR.BL

Product type: Hairspring cutters

Description: The 16 is a jewellery cutter belonging to the hairspring cutters family. The front cutter

geometry provides a good angle to cut vertically. The full-flush cutting edge is suitable to perform very clean cuts on small size material. The 16 is used for fine mechanical work including watchmaking and repair. These cutters are tough enough for difficult jobs, ideal for

working in confined spaces and for cutting hairsprings and soft metals.

Head description: Large, End

Cutting edges: Full-Flush

Blade material: AISI D2

Body material: Stainless Steel (S - AISI 420A)

Handle material: Black PVC
