

## Product Datasheet

**Product code:** **17.CR.BL**

**Product type:** Hairspring cutters

**Description:** The 17 is a jewellery cutter belonging to the hairspring cutters family. The angled blade geometry supports the operator's ergonomics during the cut. The full-flush cutting edge is suitable to perform very clean cuts on small size material. The 17 is used for fine mechanical work including watchmaking and repair. These cutters are tough enough for difficult jobs, ideal for working in confined spaces and for cutting hairsprings and soft metals.

**Head description:** Large, Oblique End

**Cutting edges:** Full-Flush

**Blade material:** AISI D2

**Body material:** Stainless Steel (S - AISI 420A)

**Handle material:** Black PVC
