

Product Datasheet

Product code: **17C.CR.BL**

Product type: Hairspring cutters

Description: The 17C is a jewellery cutter belonging to the hairspring cutters family. The angled blade geometry supports the operator's ergonomics during the cut. The full-flush cutting edge is suitable to perform very clean cuts on small size material. The short body improves the cutter ergonomics. The 17C is used for fine mechanical work including watchmaking and repair. These cutters are tough enough for difficult jobs, ideal for working in confined spaces and for cutting hairsprings and soft metals.

Head description: Large, Oblique End

Cutting edges: Full-Flush

Blade material: AISI D2

Body material: Stainless Steel (S - AISI 420A)

Handle material: Black PVC
