

Product Datasheet

Product code: 253040.C.BI.8

Product type: General Purpose Tweezers

Made in: Italy

Description: The 253040 general purpose wire stripper tweezers are used to remove lacquer insulation on Copper wires in order to get them ready for a proper contacting. Suitable for 0.6-millimeter diameter wires. The 253040 is light and rapid in its operations. The Plastic handles provide extra grip, also preventing any possible slips.

Tip description: straight, sawtooth

Tip material: Carbon Steel (C70)

Body material: Carbon Steel (C)

Handle material: Red plastic
