

Product Datasheet

Product code: **36A.SA.1**

Product type: High precision tweezers

Made in: Switzerland

Description: Type 36A high precision tweezers are suitable to applications which require holding a flat component firmly. The bent tips help to hold the component still during positioning and increase ergonomics. The line serration provides the handles with extra grip.

Tip description: bent, thin, squared, flat, superior finish

Coating/finishing: Sandblasted

Body material: Anti-Magnetic Anti-Acid Stainless Steel (SA)
