Product code:	ES5141.CR.BG
Product type:	High Precision Cutters
Made in:	Italy
Description:	The 5141 is a high precision cutter belonging to the small oval cutter family. This type of geometry provides excellent resistance, while the 5141 head dimensions allow to access small areas. The flush cutting edge is suitable to perform clean cuts with some tolerances. The 5141 is equipped with an ESD Ergo-tek slim handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The blades are hardened to 67HRC hardness.
Head description:	Small, Oval
Cutting edges:	Flush
Cutting capacity:	soft wire 0.10-1.20 mm (38-17 AWG)
Body material:	High carbon-chromium low alloy steel (100Cr6)
Body finishing:	Sandblasted
Handle material:	Ergo-tek Slim - Thermoplastic Elastomer + PP compound
